New Initiatives

We are pleased to announce that our vision for a Youth Transition House has become a reality! We are currently in the process of planning and hiring for our new program. The home will accommodate 6 youth from both Nak'azdli & Tl'azt'en which are transitioning to adulthood. The home will provide a safe, secure and supported atmosphere for these youth on youth agreements and/or transitioning out of care.

The program will prepare them for independence through: education and employment support, life skills support, cultural support and landlord/tenant support. Each youth will have an education/ employment plan and will be supported from staff working around the clock to achieve their goals.

Help us in selecting a name for our home. See details in this newsletter.

Hearts & Dreams

Nezul Be Hunuyeh hosted a Hearts & Dreams event on May 25,2019 at Nak'al Bun School for Nak'azdli children who are residing outside their familial homes, along with their caregivers. Invited guests enjoyed a catered meal and music entertainment by Thomas Mueller a member of Nak'azdli Whut'en and actor from the TV series "Blackstone".

The community witnessed a "Coming of Age Ceremony" for Alicia Isaac as she makes the transition from Youth to a Young Adult in this powerful and moving ceremony. She was gifted with symbolic gifts of Food, Medicine, Language, Music & Spirit. She was blanketed by Three Lusilyoo Clan Grandwitnessed by over one mothers. The ceremony was hundred community members in attendance who individually wished her well as she circle formed made large her way around the in her honor.

Happy Birthday Alicia, we wish you all the best on your journey.

Celebrated in May and June, Honouring Memories, Planting Dreams invites individuals and organizations to join in reconciliation by planting heart gardens in their communities. Heart gardens honour residential school survivors and their families, as well as the legacy of the Truth and Reconciliation Commission of Canada. Each heart represents the memory of a child lost to the residential school system, and the act of planting represents that individual's commitment to finding their place in reconciliation. In 2017, more than 4500 hearts were planted in gardens across Canada. Everyone who attended the Hearts & Dreams event on May 25, 2019 received a heart to record the name of someone close to them who attended Residential School.

Continued on next page.

The inaugural Honouring Memories, Planting Dreams event took place at Rideau Hall as part of the Truth and Reconciliation Commission of Canada's closing ceremonies on June 3, 2015. In support of the main event, individuals and organizations across Canada planted more than 6,000 hearts in over 80 heart gardens. Nezul Be Hunuyeh planted their first Heart Garden in 2018.

A presentation was made to acknowledge the caregivers who open their hearts and homes to care for Nak'azdli Children. We hold our hands up to them as they support the children and youth in their care to dream big.
